

SOMERTON ACTIVITY CENTRE

Melway Reference 180 A10

Coolaroo Victoria, Australia

Preparation of a detailed strategic review of a large parcel of land on the south side of Somerton Road near a future railway station. The site was adjacent to a sub-regional shopping centre and required integration with the surrounding land uses to ensure development of the site complemented neighbouring development. The rezoning of the land involved the preparation of a strategic analysis report including a comprehensive assessment of Melbourne 2030 and the preparation of a new local policy in the planning scheme to facilitate the appropriate development of the centre.
